Schedule subject to change

* Must be a member of the Black Belt Club to attend this class.

** Must have permission or appointment to come to this class

*** Our "Family class" is open to all students, children and adults, not just students who have other family members training.

**** Master's Club is an invitation-only class. You must have permission to attend this class. Please ask your Instructor for more information.

Beginner students should attend class two times per week. Black Belt Club students may train in as many classes as they like each week. Students who will be absent for a week or more should notify the Instructor of the time that will be missed.

Chosun Black Belt Academy offers private classes and other styles (such as weapons). If you are interested in more intense training ask us about our Black Belt Club and Master Club program. See your Instructor for details.

Chosun Academy is a family-oriented school that tries to recognize certain times of the year when families enjoy being together (holidays, special occasions, etc.). For this reason there will be times throughout the year when the school will be closed to facilitate "family time."

The Monday following each Testing is a Review Day. There are no classes on this day.
